

# CURRICULUM VITAE

## PERSONAL DETAILS

NAME	Nyaosi Joshua Ogembo
DOB	06/11/2004
GENDER	Male
NATIONALITY	Kenyan
RELIGION	Christian
TEL:	0115621593
LANGUAGE	English

## CAREER OBJECTIVE

I'm a self-taught tech enthusiast with a passion for web development, networking and Cybersecurity. I build beautiful, functional websites using HTML and CSS. I'm currently expanding my skills into JavaScript frameworks and secure web practices. With a keen interest in technology and digital security, I'm actively learning how to build secure networks and defend systems against cyber threats while crafting user-first digital experiences.

## PERSONAL PROFILE

- Strong foundation in programming and web development
- Passionate about technology and digital innovation
- Creative problem-solver with an analytical mindset
- Self-motivated and eager to take on new challenges
- Committed to continuous learning and professional growth in tech
